

Melissa McClain

Management Assistant
City of Moreno Valley

What is your specialty?

Marketing and Business Attraction

What types of referrals are you looking for?

I work with clients who are looking to start a new business and expand and/or relocate an existing business by encouraging them to come to Moreno Valley, since Moreno Valley has more than 210k residents with disposable income, a skilled workforce, affordability and great incentives.

Why did you decide to join CREW?

CREW-IE provides a great platform to get to know professionals across the real estate industry. As members of CREW, we have a vested interest in seeing the Inland Empire thrive. I live here, work here and have friends and family here. CREW provides an opportunity for me to build friendships, learn about available resources and work together to promote growth in our communities.
