CREW Inland Empire is the local chapter for CREW Network, the professional trade organization for the commercial real estate industry with *more than 11,000 members globally*. We invite you to become a visionary partner with **CREW Inland Empire**.

CREW Inland Empire provides a professional forum exclusively for those in the commercial real estate fields; membership enhances powerful business development opportunities, personal growth, and industry expertise. **CREW Inland Empire** is not limited to real estate brokers or developers. Instead, we bring together women and men from all the disciplines related to a commercial real estate transaction—sales, leasing, development, appraisal, environmental, finance, legal, project consulting, public agencies and more—with a history of providing cutting-edge programs and unique networking opportunities.

As a Corporate Partner of **CREW Inland Empire**, your associates will have membership in CREW Network, access to national connections and decision makers, and receive recognition at high caliber Programs and Member-Only services. Corporate Partners also contribute to our local industry's ability to face the challenges by supporting our chapter's local scholarship with CREW Inland Empire Foundation, a 501(c) 3 organization.

Additional benefits are outlined in the attached Sponsorship Menu. We hope you will choose to partner with **CREW Inland Empire** for the advancement of commercial real estate in San Bernardino and Riverside Counties. Please contact me if you have questions or require further clarification. I can be reached at **(909) 270-1167** or **nwalls@ctt.com**.
