

Enterprise Funding is a non-profit Certified Development Company that specializes in SBA 504 Loans and Economic Development. We have been serving Southern California, with an emphasis on the Inland Empire, High Desert, Antelope Valley and the Coachella Valley since 1983, and have funded over \$819 million worth of projects since inception.

The SBA 504 loan is a fixed-rate, low down payment, long-term loan for owner-occupied, for profit businesses. It is designed to preserve working capital for the borrower and allow them to lock in a fixed-rate, giving them peace of mind.

Our primary goal is to create and retain jobs and help to stimulate the local economy and we frequently develop cooperative programs with banks, cities, chambers of commerce, and regional economic development organizations, to help meet these goals.
